

MEET McLAREN

BAY REGION ORTHOPEDICS

McLAREN BAY REGION ORTHOPEDIC SERVICES

McLaren Bay Region is committed to delivering quality care to our patients and providing excellence in the treatment of orthopedic conditions from knee and hip pain to more serious conditions such as deteriorated joints, broken bones, and spinal deformities. If more than one of the following statements applies to you, consider seeing a physician:

- Persistent pain or stiffness after getting out of bed in the morning
- Problems with your joints are interfering with your normal daily activities
- Recurrent or persistent pain and stiffness in the neck, lower back, knees and other joints
- Soreness and swelling in any joint or in any pair of joints (both knees, hips, shoulders)
- You find yourself avoiding activities that you have previously loved doing (going to church, walking, shopping)
- Your joint pain is interfering with sleep
- You find you are avoiding social activities because you do not want to “slow everybody else down”
- Weight loss, fatigue, and fever accompanied by joint pain

SPECIALIZED SERVICES

- Back or Neck Pain
- Fractures & Dislocations
- Joint Replacements (Hips, Knees, Shoulders)
- Joint Injections
- Muscle and Tendon Injuries
- Numbness or Tingling
- Osteoarthritis
- Pinched Nerves
- Reconstruction (Hips, Knees)
- Sports or Work Injuries
- Sprains & Strains
- Torn Ligaments or Cartilage, Bursitis

TOTAL KNEE/HIP REPLACEMENTS

Our orthopedic surgeons specializing in hip and knee replacements address significant joint deterioration due to arthritis or other ailments. During a hip or knee replacement surgery, the damaged parts of the joint are removed and replaced with an artificial joint made of metal, plastic, or ceramic components. The goal of the surgery is to relieve pain and restore function to the joint, allowing our patients to resume their normal activities.

McLaren offers many tools that offer patients minimally invasive options for hip/knee surgery including the MAKO robot.

- Fracture Treatment
- Hip/Knee Revision Surgery
- Partial Meniscectomy
- Steroid Injections
- Total Knee Replacement
- Total Hip Replacement

MEET YOUR LOCAL ORTHOPEDIC SPECIALISTS
